WASHINGTON, Dec. 15 .- Chief Justice Fuller announced the opinion of a fair road to recovery. the supreme court in the case of the United States ys. the Oregon & California, and Oregon Central companies, involving titles to valuable lands near Portland, Or., reversing the decision of the circuit court of appeals for the ninth circuit.

The case is what is known as the quadrant case. The decision of the circuit court for the district of Ore gon found in the favor of the government's contention, but was reversed by the circuit court of appeals. The chief justice's opinion in turn reverses the circuit court of appeals, and sustains the circuit court and the government contention. About 200,-00 acres in Washington county involved in this decision.

In the case of Charles W. Nordstrom vs. the state of Washington. the opinion of the state supreme court was affirmed. Nordstrom is under sentence to be hanged for murder. This decision will have the effect of confirming the sentence. He made an effort to have the verdict of the court below reversed because the proceedings against him were based on a indictment by the grand jury. The cases of Harry Kramer, charged with murder, and Adolph Krng, defalcation, also from the state of Washington, were dismissed by the court.

OTHER DECISIONS.

The decision of the United States supreme court in the quadrant case, settles the title to about 200,000 acres of valuable land in Washington county. More than 500 settlers occupy the land and they will now be enabled to get a title to the lands.

The land in question consists of a of ten miles, situated adjacent to a point above the railroad which was started to run from Portland to Astoria; stopped and turned at a right were given, the Portland and Astoria road, and the one running from Hillsbore to McMinnville, while the railwas one continuous road and they were entitled to a grant ten miles in experience. width along the whole line.

When the grant, on the line from Hillsbore to Astoria lapsed, many settlers, considering this quadrant tract government land, took up homesteads and pre-emption claims from the gov-eroment. Many who had bought
